

Beta Sigma's Helvi Karro Wins May Queen Title

School Calls Once Again for Support of Hospital Blood Drive

By Bill Beehan

Once again the students of Bryant College are called upon to deposit their blood with the Rhode Island Hospital Blood Bank — this year with the hope of retaining the State Championship which Bryant College captured last year.

The blood drive of a year ago was an overwhelming success in that a total of 123 pints of blood was donated by Bryant students, thus beating every participating college and university in the state, including Brown University. This outstanding performance once again proved that in times of need, Bryant College can be counted on to come through with flying colors.

The goal for this year is 150 pints. The drive is open to all students and members of the faculty who wish to bank their supply for their own future needs or that of someone they choose.

Your donation serves a threefold purpose. First, you, as a donor, may draw upon that supply through any number of hospitals throughout the United States should you require blood. Secondly, any member of your immediate family may draw upon this supply. Thirdly, the Bryant Blood Bank is available to the entire student body as long as they are students at Bryant College. Everyone of the above mentioned withdrawals are free of charge. Without this blood supply a pint of blood would otherwise cost approximately \$40.

Now is your chance to get that protection. The ten minutes that it takes to give a pint of blood may someday become the most important ten minutes of your life should your life depend upon that supply of blood.

Help yourself along with helping your school by contributing your pint of blood on Tuesday, May 19 in the Student Union. Donations will be taken between the hours of 9 A.M. and 3 P.M. Students under 21 years of age who wish to donate blood must have their parents signatures on the Blood Donation card.

A trophy will be awarded to the fraternity or sorority with the most pints of blood donated by its members.

All students who donate blood will be allowed two hours excused cuts from class immediately following the donation.

CROWNING OF THE QUEEN...

Helvi Karro, Beta Sigma Chi's reigning May Queen, in her moment of glory as the crown is set in place by Tom Naglieri, president of Beta Iota Beta.

THE QUEEN AND HER COURT....

Helvi Karro, May Queen of 1959, is flanked by the five Princesses who make up her court. Shown from left to right: Nancy Roach, escorted by Phil Madeiros, Chi Gamma Iota president; Lois Auten and Charles Klien of Kappa Tau; Helvi and Don Truchon, President of Beta Sigma Chi; Joyce Ensher and John Pirch of Phi Sigma Nu; Donna Gardner and Ed Care of Alpha Theta Chi; Arlene Goldberg and Sid Dogon of Sigma Lambda Pi.

By Lloyd Constantine

Amid the splendor of colorful carnations and a bubbling fountain, Beta Sigma Chi's Karro, a dark-eyed lovely from Brooklyn, Connecticut, was crowned May Queen of Bryant College. The tears that filled her eyes served only to enhance her beauty and to lend an air of fantasy to the scene.

The announcement of the election of Helvi came at 10:15 p.m. No one in the gaily decorated auditorium could contain himself, and the thunderous applause lasted until well after she had been seated.

Tom Naglieri, President of BSB, crowned the new Queen under an arch of pastel-colored carnations as cameramen from newspapers and camerabugs from Bryant opened up a barrage of flasbulbs.

The Queen's Court proved themselves true Princesses. Each one, although not elected, radiated happiness for the new Queen and extended sincere congratulations. The Princesses were Nancy Roach, Chi Gamma Iota; Lois Auten, Kappa Tau; Donna Kay Gardner, Alpha Theta Chi; Arlene Goldberg, Sigma Lambda Pi; and Joyce Ensher, Phi Sigma Nu.

The competition for May Queen was this year more than any other year one of the finest examples of college spirit. The campaign were free of pettiness, childishness, or rowdiness. They were carried on in a manner that won the commendation of the college officials and the students.

The fraternities and sororities, student body, and the student ate are to be commended for the excellent example of co-operation and coordination displayed throughout the campaign.

600 Alumni Expected Homecoming Week

June 5 marks the beginning of the 1959 Bryant Alumni Homecoming. For two days our alumni will be roaming the campus recalling with nostalgia their days as undergraduates. Over 600 guests are expected, some from as far away as California.

Many of the Bryant Fraternity and Sorority Alumni Associations have planned extra special activities for their returning alumni. Because of the printer's deadline and the indefiniteness of some group's plans at this time, these activities could not be detailed in the Archway. Tours of the campus will again be an activity provided by the National Alumni Council for returning alumni who have not visited the campus in some time. Of particular interest to those who have not seen it will be Jacobs Hall, newest of the campus buildings. Also of interest will be the Student Union that was opened last September.

In general the program will be as follows:

- Friday, June 5:
Fraternity and Sorority reunions.
- Saturday, June 6:
9:00 a.m.—Registration in South Hall.
10:00 a.m.—Guided tours of the campus.
12 noon—Luncheon, cafeteria style—Refectory.
2:00 p.m.—The President's Reception—Library.
2:30 p.m.—Class reunions.
7:30 p.m.—Banquet—Refectory—Preceded by a cocktail hour in the Student Union.
9:00 p.m.—Dancing in the Auditorium.

Getting a Promotion Sec Assembly Theme

By Irene Bollart

Dean, Lionel H. Mercier spoke to the Secretarial Division in the Bryant College auditorium on April 20. "What are Your Chances of Getting a Promotion" was the second lecture of the series on the Job Clinic.

What makes the difference between success and failure on the job was thoroughly discussed by Dean Mercier. The answer was summed up as follows:

1. The ability to get along with people. Ninety per cent of the people get fired because of a defect in personality.
2. The ability to get things done, done right, and done on time.

Dean Mercier stressed the importance of setting one's goals high and not being satisfied with a mediocre job. "Whether you move up is up to you."

A first grader in a school volunteered to recite a nursery rhyme. "Little Miss Muffet sat on a tuffet," he intoned, "eating her curries away."

Delta Omega To Hear U. N. Economics Chief; Admiral Inn Dinner Planned for May 18

By Barbara Duquette

At a dinner meeting of Delta Omega to be held on Monday, May 18, at 7:00 P.M. in the Admiral Inn, the officers of the Society are fortunate that they have been able to secure as their principal speaker Mr. Charles A. Hogan, Chief of the Non-Governmental Organizations Section of the Economic and Social Council Secretariat, Department of Economic and Social Affairs.

Mr. Hogan was graduated from the University of California in 1926 and spent the next three years abroad studying at Oxford in England. He returned to the United States and to the University of California where in 1932 he received his Ph.D. This schooling was followed by four and one-half years of teaching at the University of California.

Mr. Hogan then embarked on a career which was outstanding. After teaching at the University of California, he became field representative for the American Association for Adult Education. Then came the pressing need for men to set up USO establishments. Always willing to serve in any way he could, Mr. Hogan was Pacific Coast representative. Later, he was made Assistant Director of the USO in New York. During the Second World War, Mr. Hogan worked out of the United States Embassy in London. He was the United Kingdom and Continent representative of the Recruitment and Manning Organization, and also was the United States member on the Displaced Persons Committee for Europe.

After the War, Mr. Hogan joined

the United Nations as Chief of the Section on Freedom of Information and the Press Division of Human Rights of the Department of Social Affairs. Having served four years in this capacity, he became Chief of the Non-Governmental Organizations Section, a position which he holds to date.

Mr. Hogan's educational and occupational background have given him a wealth of knowledge, which the members of Delta Omega will be fortunate to share in at the next dinner speaker meeting.

The evening of May 18 promises to be a memorable night for Delta Omega members because of the distinguished guest who will be the principal speaker.

AOX Receives Letter From Foster Child

By Joseph J. Kulesza

A letter has been received from Lee Jeh Kon, AOX's 11-year old foster child. Jeh Kon is doing very well in school, being 25th in a class of 63. In school he studies arithmetic, natural science, social studies, drawing, physical exercise, and singing.

Jeh Kon lives at the Zion Orphanage in Pusan, where he shares a room with seven other boys. The meals at the orphanage consist mainly of boiled rice, pickles, and vegetables; but, meat or fish are served occasionally to supplement the routine diet.

Jeh Kon thanks the brothers of AOX for all that they have done for him and he invites them all to pay him a visit.

The brothers have had to decline the invitation for the time being but did vote to send Jeh Kon a fraternity sweater and some other articles of clothing.

AOX'S FOSTER SON

LEE JEH KON

Did You Know?

WELL, this is to tell you that May 24 is the big day. Everybody will be in Goddard Park at the Hillel Cookout. There will be enjoyment and refreshments for everybody. Games, food, and fun; what a Sunday!

The organizing committees for this affair are Hillel members Al Kauder, Marsha Munzer, president Theodore Cohen, Helen Weisman, and Maida Gerrin. All the members are working feverishly to make you happy that day. Rides will be provided under the Archway at 11:30 a.m. Remember, May 24! This means YOI!

Movie Schedule

- May 13—Showdown at Abilene (Color) Jack Mahoney, Martha Hyer.
- May 20—Rock Pretty Baby; Sal Mineo, John Saxon.
- May 27—Raw Edge (Color) Rory Calhoun, Yvonne De Carlo.

A PRODUCTIVE LOAN

From our friend, The Economic Man, we learn the definition and theoretical technicalities of the productive loan and trading on the equity. Although transmitted to us in the light of a going business, it seems that plans for plant expansion for a manufacturer and plans for continued education for the student have some outstanding similarities, particularly in respect to financing the program.

In these days of rising costs of education, many who have the ability and desire to continue are held back by the lack of ready funds of their own. Examine the facts, however, and you discover this: our state and federal governments are offering unsecured personal loans to needy students who wish to fulfill an education already started on their own initiative. And these particular education loans are available at lower interest charges and longer repayment periods than are available for ordinary personal loans. Who can get one of these loans? Usually anyone who has satisfactorily completed a year in a program education above that of secondary school level.

Our federal government has appropriated six million dollars this year for such loans to worthy students, and the plan is for more later. In most cases, students inquire and apply for loans of this type at the college at which they are enrolled. They are authorized in amounts up to \$1,000 a year, and repayment of these loans, together with interest charges, starts one year after completion of education.

A representative state program operates in a similar manner; however, application is usually accepted directly by banking institution within the state in which the student is a resident. The maximum annual loan may often be lower than those available from federal government sources, but the funds are readily available.

Would a student loan help solve one of your school problems? The detailed information is available to you at the above mentioned places.

Scholastic Trophies To Beta Sig, Phi Up

In the second awarding of the Scholastic Achievement Trophy, Beta Sigma Chi and Phi Upsilon have evolved as this year's winners. The men's division was a close contest with there being only a .4115 difference between the first and last place fraternities. The girls' standings ended up in direct contrast to the men's. Phi Upsilon won hands down with the commendable average of 3.3194, a .552 point plurality over the second place sorority.

The final standings were as follows:

FRATERNITIES:	
Winner	
Beta Sigma Chi	2.1548 points
Chi Gamma Iota	2.1064
Beta Iota Beta	2.0988
Tau Epsilon	2.0773
Alpha Omicron	2.0274
Alpha Theta Chi	1.9514
Phi Sigma Nu	1.9418
Kappa Tau	1.7433

SORORITIES:	
Winner	
Phi Upsilon	3.3194
Kappa Delta Kappa	2.7674
Sigma Lambda Theta	2.6481
Alpha Phi Kappa	2.5411
Delta Sigma Chi	2.4153
Sigma Iota Chi	2.2978

ARTHUR EDGERLY
Ex-Archway Editor
Gains Recognition

Word comes to us that Art Edgerly, Archway editor in chief during 1958, now in his second semester at the Cornell Graduate School of Business Administration, is doing well.

Last week, Archway faculty adviser, Mr. Smith, received a letter from Art. One of the courses he has taken as a major in food distribution, is a report writing course. Art relates that the trade magazine "Super Market Merchandising" has requested permission to publish a report on Grocery Ordering that he wrote for the course. Another well-known magazine, "Progressive Grocer", has given him a \$1500 commission to edit a 200 page book on meat operations.

\$1500 seems to be a lucky number for Art. When he was graduated from Bryant, Art also received a \$1500 scholarship to Cornell.

News of Sigma Lambda Theta

By Sally Johns

The sisters of Sigma Lambda Theta wish to congratulate Helvi Karro, who besides being the sweetheart of Beta Sigma Chi is the 1959 May Queen.

Sigma Lambda Theta and Beta Sigma Chi held a joint smoker in the gym. The following week the sisters gave a tea in Harriet Hall to which the pledgees were invited. Interviews were held a few days later. The date of the pledge formal is set for May 15.

On Sunday afternoon, May 3, Beta and Theta went picnicking at Lincoln Woods. Beta's baseball team challenged a group of high school boys to a game—the outcome not to be revealed. Everyone had such a good time that another picnic is being planned for the near future.

Blood Drive Gets Underway May 19

By Carol Oliner

The Bryant College annual blood drive, in co-operation with the Rhode Island Hospital, will go into full swing on May 19 at 9 a.m. in the Student Union.

Students are asked to fill out appointment cards available in the Student Activities Office and have them signed by a parent if the student is under twenty-one years of age.

Donations of blood cannot be accepted from students who have colds or fevers, active allergies, or heart conditions of any kind. Other circumstances restricting donations are inoculations received three weeks previous to donation, and any major operation performed within a year prior to donation.

Students giving blood are asked not to eat any heavy foods for four hours before giving blood. The suggested diet is toast, juice, and coffee.

After a blood donation has been given, the body system suffers no ill effects. From two weeks to a month is all the time required by the body to restore the red blood cells lost by a blood donation. The blood volume of the body is replaced in one to two day's time.

Following a donation of blood, each student will be served refreshments in the Student Union, and a two-hour period of excused cuts will be allowed.

Last year Bryant College was the winner of a statewide contest among colleges and universities in blood donations. A total of 125 pints of blood was donated. This year the goal of 150 pints has been set by the Student Senate. Community service points will be allowed to members of fraternities and sororities participating in the drive. A five-point value has been placed on each pint of blood donated.

Reading Program Under Mr. Larkin Begins Tuesday

At twelve noon on the 19th of May in Room M-5, Mr. Larkin will lead off an organized reading improvement program for the benefit of any student who wishes to invest in himself an hour each week in order to improve his reading ability. The group will meet every Tuesday and Thursday until July 9.

Because of its unique make-up the course can significantly improve the reading speed and comprehension of 90% of those enrolled. Mr. Larkin reports that the primary teaching tool will be motion picture film, supplemented by a controlled reader. The student will be his own evaluator—Something of a switch from the routine classroom procedure. The aim of the course is to convert poor reading habits into good reading habits.

The films have been put together by a research group after careful study and analysis of habit patterns of both slow and accomplished readers. Those habits that should be developed, and conversely, those that should be broken if one wishes to materially improve his reading ability are presented effectively through the medium of the film series.

It is requested that interested students submit a signed application to Dr. Hammond by May 12 in order to be enrolled before the class starting date on May 19.

Sibley Says.....

There is probably not one student who will pass through the portals of Bryant College without experiencing some problem or predicament that will make an unbearable existence even more intolerable. This is true whether the problem manifests itself in some academic mishap or evolves around personal trouble. Heretofore, these perplexed students have had few if any campus personalities to whom they could turn for solace and advice; consequently, they have had to cope with the situation as best they could. Recognizing the need for someone possessed of infinite wisdom and patient understanding to offer guidance I have decided to extend, in an advisory capacity, the benefit of my highly eventful experiences with life. The following is both indicative of the stress and strain besetting portions of the student body and of my resultant advice.

Dear Sibley: I freeze up around girls. I do this in the classroom, at school dances, or any time when they are too close to me. I am ashamed of this because I like girls very much and do not want them to think I am anti-female. I want to take a certain Miss on a date this weekend, but I am afraid my temperature will dip below 32° at some crucial moment. What shall I do?

H. V.

****Purchase a Serno Stove from any five and dime department store. This is a small portable heating unit that can be carried in the pocket practically unnoticed. When you feel the crucial moment coming on, take out the Serno Stove and hurriedly light it. If you apply the flame correctly, and in the right place, I guarantee you will immediately lose that frigid feeling and react like a rejuvenated Cyrano de Bergerac.

Dear Sibley: I would like to enter the May Queen contest next year. I am cross eyed, pigeon toed, anemic, and without front teeth due to an automobile accident. Do you think I have a chance to win?

Ann B.

****Certainly. As has been proved in the case of Christine Jorgensen, miracles still do occur. However, until you are able to make a trip to Denmark, I would suggest daily prayer.

Dear Sibley: The fellows have been ridiculing me because I wear unusually dirty sneakers to school. I consider the wearing of these sneakers as a boost to my individuality. Do you see anything wrong in this?

John

****As long as you have taken your polio shot and have a Board of Health clearance on your sneakers, I see no need for worry.

Dear Sibley: I have a 98.5 average in all my classes. Because of this I have been classified as an egghead and people tend to shy away from me. Is there anything I can do to make friends in spite of my handicap?

Ambrose

****I certainly sympathize with you Ambrose. I too have a cranium that unthinking individuals often refer to in hen-house terms. In your case, with an overall average of 98.5, if you make yourself available for consultation, especially around exam time, I'm sure you will be welcomed into the fold — egghead and all.

I encourage you to write me for problem advice. Please address your inquiries to "Sibley Says" and drop them in the Archway mail box.

Movie Review

"IMITATION OF LIFE"

Lana TurnerLora Meredith
John GavinSteve Archer
Sandra DeeSusie Meredith
Susan KohnerSarah Jane
Juanita MooreAnnie Johnson
Robert AldaAllen Loomis
and Mahalia Jackson

Behind the mask of civilized existence there lurk treacherous emotions capable of transforming man from his spiritually intended form to that of an awesome beast. These potentially dangerous emotions can be triggered both consciously and unconsciously by stimuli that most deny affect them... the petty prejudice... the superiority complex... the urge for retaliation... It is immaterial what philosophy one professes to follow, for these germinal stimuli creep through even the most well intentioned makeup and once entrenched spread like malignant cancer cells.

"Imitation of Life" makes no effort to probe into the substance of these emotions searching for causative factors, nor does it give you microscopic resumes of problems coupled with flowery, impractical solutions. Rather, this picture hits you dead-center with an impact that is sometimes searing like the pierce of a double edged rapier or sometimes subdued like the deadly wail of the Sirens. The treacherous emotional stimuli are still there triggering both consciously and uncon-

sciously... the petty prejudice... the superiority complex... the status obsession... You sit transfixed, watching reality pass before your eyes, unable to conceal yourself behind the mask and escape to a world of half truths.

Lana Turner, Juanita Moore, John Gavin, and Susan Kohner inject just the right amount of inflection and meaning into their characterizations to achieve a maximum effect. The supporting cast also feels the contagion and give their best.

Douglas Sirk has directed a picture which has a message and speaks it... first in a soothing, caressing tone; then, in a shrilling shriek. Whether your listening capacity be impaired or in excellent condition, you cannot help but hear.

Mary YoungMa James

If Jesse James had any well-rounded personalities in his entourage similar to Rhonda Fleming, it puzzles me as to why he wasted his time robbing trains. It seems he could have utilized his spare moments in more productive endeavors. However, with the able assistance of Bob Hope, Ol' Jess intermixes both Rhonda and the Choo Choo and comes out with a fairly amusing result in "Alias Jesse James."

Intramural League Features High Scoring Games As Hitters Show No Mercy

Chi Gam Scores 45 Runs In Two Tilts

Walt Whittingslow

The Chi Gamma Iota softball team is off to another flying start. After being rained out in the first game of the season, the Chi Gam heaters started their winning ways by defeating Alpha Omicron 24-5.

This game was highlighted by the brilliant pitching of Dick Farmer who is a veteran of the Chi Gamma Iota championship team of 1958. In the slugging department the team was led by Tony Amedeo and Joe Talarico who are also veterans of the 1958 team. Big Joe hit a double high off the fence in right and went three for four, and Tony banged out four singles in five trips to the plate. Rookie Bill Peckham also collected three hits for Chi Gam. Twenty hits were collected in all.

In the second game of the young season Chi Gam defeated Stockwell House 21-11. Johnny George hurled in this game and did a fine job. John helped his own cause by rapping a home run. There were eighteen base hits in all and the big hitters were Bill Peckham with four for four including a home run and triple, and Mike Foster who belted two long triples.

Chi Gamma Iota's smoker was held on Monday evening, April 27, in the school gym. A large percentage of the brotherhood was on hand to welcome the prospective pledges. President Stan Mumford officially welcomed them and introduced them to the officers and members of Chi Gam. Short speeches were given by Professors Haddock and Hayes who are the advisers of the fraternity. After the speeches the sisters from Phi Upsilon were invited in for dancing. Despite the rainy weather, the evening was considered very successful.

Ed Amara of Chi Gamma Iota and Janet Foley of Newton Lower Falls, Massachusetts, were the winning couple in Kappa Delta Kappa's Waltz Contest.

BCA Plans Trip to Mirimar, May 24

By Gale Frank

Anyone interested in going to Newport with the Bryant Christian Association to visit Mirimar, May 24, is asked to attend the meeting Monday, May 18, at 7:30 in the Barn. Definite plans will then be discussed. Transportation will be furnished under the Archway at 2:00 p.m. Sunday afternoon and returning to Bryant sometime during the evening.

The guest speaker for the May 18 meeting will be Canon John Crocker of the Stephen's Episcopal Church. He will speak on the subject "Business — The Christian and the Criminal." Refreshments will be served.

Beta's May Queen Dance Huge Success

By Paul Orsina

Beta Iota Beta's thirteenth annual May Queen Dance was a tremendous success. The decorations, which depicted a garden scene, showed the great deal of work which the members of B.I.B. and the sisters of S.I.B. put into them. B.I.B.'s smoker was held on May 4. At that time Tom Naglieri, president of B.I.B., and Paul Hanaway "53," President of the Alumni Association, spoke on the merits of the fraternity.

After the smoker a party was held in Warwick. The sisters of S.I.B. also attended this party. Brother Auger kept everyone, especially the sisters, jumping all evening. The entertainment he provided was enjoyed by everyone.

Drawing for the stereophonic victrola took place on May 1. J. Kilduff of Johnston Rhode Island was the winner.

Alumni weekend will be held June 5-7. The fraternity and the Alumni Association are planning several parties and social activities for this weekend.

Field Trip to Swank Proves Interesting

Delta Omega made its first field trip to Swank, Inc., at Attleboro on May 6. The large turnout of members made it necessary to divide the group into three sections, but no one missed seeing the many interesting phases of the jewelry manufacturing process.

Swank is a nationally known manufacturer of jewelry. The Attleboro plant performs the entire manufacturing process. This fact is astonishing in view of the fact that Swank is an international distributor of jewelry.

Delta Omega members were introduced to the plant where the raw materials are started in process and followed them through the stamping, cutting, assembling, polishing, coloring and packaging operations.

Besides its regular distribution to wholesale and retail outlets, Swank also plays an important part in national defense and has many governmental contracts. It manufactures Bronze Star and Purple Heart medals, not to mention many precision parts for guns.

The first trip was a wonderful experience for all who went, and the members are grateful to Don Truchon for making it possible. The members hope that there will soon be another opportunity to see industry in action.

One girl to another: "We had an awful time. I had on my new Argon sweater, and he was wearing a blue serge suit."

(The Reader's Digest)

BRYANT COLLEGE SNACK BAR

ANY TIME IS THE RIGHT TIME FOR REFRESHMENTS

The Bryant College Snack Bar
Sodas, Sandwiches, and Ice Cream

By Charlie Regan and Tony Arrighi

The men's intra-mural softball league got off to a flying start on April 27. Early results have shown that the hitters are pounding most of the pitching unmercifully. Looks as though there will be many high scoring games this year except for a few anticipated pitchers' duels.

Last years defending champs Chi Gam Iota, runners-up Tau Ep, Alpha Theta Chi, and Phi Sigma Nu are expected to provide most of the power in the league this year.

Tau Ep began right by putting down Kappa Tau 8 to 3, behind its fast-balling veteran Pete Voccio.

Tau Ep scored three of their eight runs in the first inning and added four more in the sixth with a home run by Wes Adams paving the way.

Plumpy Piemontel and Nick Tartaglione with two hits apiece, and Adams with a home run led the T.E. attack.

Nick Sullivan with three hits and Duality Weight with two paced K.T. Chuck Lutz pitched well but was hampered by poor support.

Stockwell House squeezed past Beta Iota Beta 9 to 8. Scoring four big runs in the last inning proved to be the winning margin for Stockwell. Perras pitched a seven hitter and was supported by the fine hitting of Bakes, who had three for three, and Whitaker and Basriey, who had a home run. Stevens and Musco led B.I.B. at the plate with three and two hits respectively.

Phi Sigma Nu, behind the fine five hit pitching of Ray Nolletti beat Beta Sigma Chi 12 to 3. Phi Sig jumped on the Beta pitchers in the third inning scoring seven runs. De Laroche had two hits to lead the Beta Sig hitting.

Alpha Theta Chi turned back Kappa Tau 9 to 3. Toy Tiger Campbell tossed a five hit no-run. A.O.X. came through in the last inning scoring five runs to put the game on ice. Vercia with a triple and Munkowski with two hits supplied the power for the winners. Dalgier, Wright, and Wertz hit for extra bases for K.T.

Tau Epsilon whipped Stockwell House 12 to 6. Pete Voccio again

turned in a strong pitching assignment. Bullfinch Regan with three base knocks, Wes Adams and Nick Tartaglione with two apiece, and Curt Holmes with a long triple supplied the T.E. hitting power. Chuck Voccio helped his own cause by clouting a double and lusty triple. Bakes, Perras, and Max led Stockwell in the hitting department.

Phi Sigma Nu pulled out a real thriller over Kappa Tau with a 6 to 3 victory. K.T. seemed to have the game well in hand until they suddenly had fielding problems in the last inning. Phi Sig took advantage of the losers miscues and added a few hits which led to the victory.

Pacing the big last inning was a big double by Moose Poirier. Sumeson and Borick had three and two hits respectively while pitcher Nolletti turned in a fine job. Lenny De Gallo had a field day for Kappa Tau with a homer and two singles.

Alpha Theta Chi downed Alpha Omicron 13 to 7. George Campbell limited the losers to six hits in a

fine performance. A.O.X. jumped off to a 13-run first inning and never gave Alpha Omicron a chance from there on in. Four Alpha Theta men scored twice in that fateful first. Errors and wild pitching hampered the A.O. cause. Ratondo and Blanchette led the Alpha Omicron club at the plate.

Beta Iota Beta thumped Beta Sigma Chi 13 to 8. Bergstrom limited the losers to 6 hits. B.I.B. scored seven runs in the first.

Ron Monsca was the big gun with a long ground rule double, which cleared the fence in right field. Henderson, James, and Del Aroche paced Beta's batters while Steinhower gave up only 6 hits.

Chi Gamma Iota unleashed powerful hitting attack to down Alpha Omicron 24 to 5. Tony Amedeo with a double and three singles, George Vlsnick with a triple and two singles, and Joe Talarico with a ground rule double over the right field fence and two singles supplied most of the fireworks for Chi Gam. Pickham, George and Winlow also contributed to the winning cause. Bertolini and Kells each had a double for A.O.

Tau Epsilon pounded two Chi Gam pitchers for a 17 to 2 victory. A combination of a tremendous hitting force along with an excellent three hit pitching performance from fire-baller Voccio was more than adequate to turn the tide in Tau Ep's favor. Ace Aiello finally broke out of a mild slump with a home run that cleared the center field barrier with plenty to spare.

This was the longest belt of the early season and provided a fine souvenir for the fans in bleachers.

Wes Adams, Frank Manzi and that goood hitting pitcher Voccio had two hits for T.E. Tony Amedeo, Joe Talarico, and Bob Lee were the only Chi Gam players to solve Voccio's slants.

The games are moving along quite smoothly thanks to the fine umpiring of Jim Terry and Guido Rizzo. Jim McPhillips is the official scorer this year.

Thirteen Given Bids By Phi Sig

Phi Sig has really gotten into the full swing of "Help Week" for this spring semester. All pledges are wearing their green berets and other items indicating that they are among the few who have been selected to the Phi Sig pledges.

The pledges for this semester are Frank K. Braid, Lawrence J. Braid, Joseph L. Connelly, Ronald A. Cornell, Charles T. Obve, Richard A. Hargreaves, John E. Luciani, Brian C. McCann, Ronald K. Morril, Joseph M. Neri, Robert S. Quigley, Joseph E. Ros, and Patrick S. Romeo.

Realizing that there is a lot to be gained from "Hell Week," they are all carrying out their duties in the usual good Bryant spirit.

Everyone is planning to go out to one of the orphanages this week to do his part in making the "Help Week" campaign a successful one.

The brothers and the pledges of Phi Sigma Nu are really trying to make this the best "Help Week" that has ever been held at Bryant.

SQUIRE'S BARBER SHOP

FOR WELL GROOMED SATISFACTION

115 WATERMAN STREET

8:00 a.m.—5:00 p.m.

"Oh, to be in Elba... now that Winston's there!"

IT'S WHAT'S UP FRONT THAT COUNTS

The mystery is solved! Napoleon's famous gesture was just to reassure himself that he had plenty of cigarettes. His army may have traveled on its stomach, but the old boy himself wouldn't have been caught at Waterloo if he hadn't been checking the Belgian bistros for a spare carton of Winstons! There's a rare smoking treat that comes from Winston's famous Filter-Blend—which means a careful selection of fine, mild tobaccos specially processed for filter smoking. Try a pack real soon, and you'll agree that...

Winston tastes good—like a cigarette should!

Sigma Iota Chi News

By Kathy Cotoia

On May 6, Sigma Iota Chi held an informal lawn party for prospective pledgees. It was held at the lovely home of Miss Aimee Melillo of Pawtucket. After some casual talk and a few games, a delicious buffet supper was served. All the guests, as well as the sisters, had a good time.

Sigma Iota Chi's Smoker was held in the Barn Studio on April 20.

Our Worthy Matron, Miss Brenda Stammers, oriented the girls on the functions of the sorority. The guests had an opportunity to have all of their questions answered. John Pirich, president of Phi Sigma Nu, gave a short address on the many functions performed jointly by the fraternity and sorority. He then invited all present to a social gathering with the brothers and their prospective pledgees.

The sisters of Sigma Iota Chi are very proud of Joyce Ensher, May Queen candidate. She did a superior job of representing the brother fraternity, Phi Sigma Nu.

Forty-five Hopefuls Attend AOX Smoker

By Joseph J. Kulesza

The brothers of Alpha Theta Chi were the hosts to forty-five prospective pledgees in the Bryant Gym last Tuesday. The turnout for the smoker was reported to be the biggest turnout for a smoker this semester.

Mr. Rusillo and Mr. Brooks, the fraternity advisors, spoke to the group on the advantages of belonging to a fraternity. The goals and purposes of AOX were also discussed to help acquaint those present with the fraternity.

After the informal meeting the sisters and prospective pledgees of Delta Sigma Chi came over to round out the evening. Refreshments were served and dancing was enjoyed by all.

If You Get the Lucky Star

Delta Sigma Chi Notes

By Elaine Peters

The sisters of Delta Sigma Chi have had a very busy time these last few weeks. On April 28 Delta's smoker was held in the Barn at 7:30 p. m. President Mary Mancini presided. She explained the aims and objections of the sorority and acquainted the prospective pledgees with the organization. Delta's prospective pledgees and sisters then joined Alpha Theta's prospective pledgees and brothers for refreshments and dancing.

At a meeting on April 29 the girls agreed on a design for their new pin which will be standard from now on. Arrangements for the dance to be held on May 8 at the Church Hill House were also made.

Delta's tea was held on May 6 in the Barn. The sisters and prospective sisters had an informal get-together while the softball team was getting runs left and right at the Athletic Field.

Woman buying olives in supermarket to friend: "I never liked these things until someone showed me how to fix them with gin and vermouth."

The Brown Bear Restaurant

Sigma Lambda Pi News

By Irwin Holland

On May 5 in the Barn, Sigma Lambda Pi held its interviews for future brothers.

The new season's activities, of which there are many planned, will be followed by the end-of-the-year banquet. Of course, no summer is complete unless there are picnics and beach parties.

"So beaches and parks open yonder gates, for Sigma Lambda Pi is making dates."

Sports flash! The fraternity has a new ping pong champ now. He is Lemmy "Twice right handed, one left handed" Miller.

Beta Sigma Gamma News

By Helen Weisman

Beta Sigma Sorority is proud to announce their officers for the current semester:

President, Judy Supnick; Vice-President, Linda Katzman; Secretary, Maida Gerrin; Treasurer, Arlene Goldberg; Pledge Mistress, Harriet Chorney.

A smoker was held on Thursday, April 9. It was a big success. Refreshments and dancing followed the meeting.

Beta's dance, The Spring Festival, was held on Saturday, April 25, at which the six lovely May Queen candidates were announced.

Newman Club Plans Memorial Day Picnic at Lincoln Woods

By Chris Pilon

Lincoln Woods will again be the site of the Newman Club's semi-annual picnic to be held Saturday, May 30. Rides may be obtained in front of South Hall at 12:30 p.m. All members with cars are asked to bring them. Admission for non-members will be only \$1 and admission for members will be their membership card and 50c. Food and refreshments will be provided.

Newmanites were very fortunate

to have Mr. Albert J. McAloon, Executive Secretary of the Rhode Island Commission on Youth, speak to them about "Obscene Literature" on May 11. Mr. McAloon presented the problem of obscene publications in an informative, hard-hitting style. His primary objective was to impress upon his audience that there is a trend toward tacit approval by society of obscene publications that must be suppressed.

On April 27 the Dean of Providence College, Father Lebron, spoke to the Newman Club about

a very popular Spring topic, "Courtship and Dating." Father Lennon stressed the differences between courtship and dating in an easily-understood, often humorous style.

Future activities of the Newman Club include a talk by Father Schmultz of St. Joseph's on "Mixed Marriages," a field trip to the Trappist Monastery in Spencer, Massachusetts, and a communion breakfast to be held in June.

Don't forget Lincoln Woods on Memorial Day

COLLEGE PUZZLE CONTEST

FOR STUDENTS AND FACULTY MEMBERS

2 GRAND PRIZES

Rambler "American"! Big-car roominess... small-car economy... tops in performance!

WIN A RAMBLER STATION WAGON!

LIGHT UP AND LIVE IT UP! 3 great cigarettes offer you 627 chances to win! So pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

ENTER OFTEN—HAVE FUN—AND WIN! But think carefully! This puzzle is not as easy as it looks. At first the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Many a coed will be given her best date's P.-N." Either "I" (PIN) or "E" (PEN) would seem to fit. But only one answer is apt and logical as decided by the judging staff, and therefore correct. Read the rules carefully. ENTER AS OFTEN AS YOU WISH. Good luck!

RULES—PLEASE READ CAREFULLY

1. The College Puzzle Contest is open to college students and college faculty members except employees and their immediate families of Liggett & Myers and its advertising agencies.

2. Fill in all missing letters... print clearly. Use of obsolete, archaic, variant or foreign words prohibited. After you have completed the puzzle, send it along with six empty package wrappers of the same brand from L&M, Chesterfield or Oasis cigarettes (or one reasonable hand-drawn facsimile of a complete package wrapper of any one of the three brands) to: Liggett & Myers, P. O. Box 271, New York 46, N. Y. Enter as often as you wish, but be sure to enclose six package wrappers (or a facsimile) with each entry. Illegible entries will not be considered.

3. Entries must be postmarked by midnight, Friday, May 29, 1959 and received by midnight, Friday, June 5, 1959.

4. Entries will be judged by the Bruce-Richards Corporation, an independent judging organization, on the basis of logic and aptness of thought of solutions. In the event of ties, contestants will be required to complete in 25 words or less the following statement: "My favorite cigarette is (Chesterfield) (L&M) or (Oasis) because...". Entries will be judged on originality, thought and interest by the Bruce-Richards Corporation. Duplicate prizes will be awarded in event of final ties. Illegible entries will not be considered. By entering all entrants agree that the decision of the judges shall be final and binding.

5. Solutions must be the original work of the contestants submitting them. All entries become the property of Liggett & Myers and none will be returned.

6. Winners will be notified by mail as soon as possible after completion of the contest.

7. This contest is subject to all Federal, State and local laws and regulations.

CLUES ACROSS:

- These may indicate that a nation is prepared to wage war in the air.
